THE HUB

11 FEATURES

- | | | |
|------------|---|------------------------|
| F1 | Hub dashboard — Day in Review & Team Today
The lower half of the hub is now a live dashboard.
Where: The hub (home page), below the tiles — visible in both Project View and Operations View. | see F1 in
appendix |
| F2 | My Tasks on the hub dashboard
Tasks tagged to you on any Project Overview follow you home: the Day in Review panel on the hub now has a My Tasks section listing your open tasks with a checkbox, the task and its project, and the due date...
Where: The hub (home page) → Day in Review panel, below today's items. | see F2 in
appendix |
| F3 | Day in Review — today's date, Coming Tomorrow, and in-progress work
The Day in Review panel now shows today's date under its header, mirrors everything from the Crew Calendar that spans today (green "Edit in progress" and "Working: ..." rows alongside shoots, due dates, and PT...
Where: The hub (home page) → Day in Review panel. | see F3 in
appendix |
| F4 | Team Today — two columns and STL/DEN Only handling
The Team Today roster now lists in two columns (one on phones), halving the tile's height.
Where: The hub (home page) → Team Today panel. | see F4 in
appendix |
| F5 | Admin role preview (View as...)
Admins can preview the entire platform exactly as any other role sees it — Producer, Finance, Crew, Agency, or Client — without signing out.
Where: Hub header, next to the Backup button: the 'View as...' dropdown. A purple banner at the top of every page shows which role you're previewing. | see F5 in
appendix |
| F6 | Start a new project from the hub
A Start New Project button on the hub opens the New Project form and drops you straight into the new project's view — no need to detour through Finance first.
Where: The hub — the green Start New Project button next to the navigation pill. | see F6 in
appendix |
| F7 | My Tasks quick-add — with teammate tagging
Add a task to your own list straight from the Hub, without opening a project.
Where: Hub → Day in Review → My Tasks → + Add New. | see F7 in
appendix |
| F8 | Daily personal greeting on the Hub
The plain username is gone — the Hub now greets you with one fun, personal line each day, written fresh from what the platform knows: upcoming travel gigs, PTO countdowns, your MediaMoment answer, your home...
Where: Hub — centered under the Unbridled Media logo. | see F8 in
appendix |
| F9 | MediaMoment — weekly questions & the daily blob
Team fun facts, institutionalized.
Where: Hub — the question pops up on your first visit of the week; the blob appears over Team Today once per day. | see F9 in
appendix |
| F10 | Ways of Being — weekly shoutouts
Culture, built in.
Where: Hub — the prompt appears for the two chosen people each week; recipients see their banner under the daily greeting. Admins: Reports → Ways of Being. | see F10 in
appendix |
| F11 | Simplified Hub navigation
The hub trimmed down to one pill: View ▼ (pick Project View or Operations View from a dropdown), Calendar (the crew calendar), and Reports — with Start New Project standing alone.
Where: The Hub — front and center. | see F11 in
appendix |

PROJECT VIEW & OVERVIEWS

6 FEATURES

- | | | |
|------------|--|------------------------|
| F12 | Project Hub & Client Hub on Project View
Project View is now split into two sections, each with its own search bar.
Where: Hub → View ▼ → Project View. Client tiles sit below the project tiles. | see F12 in
appendix |
|------------|--|------------------------|

F13	Client Hub password Each client hub now has its own password, set from a button right of the Team View / Client View toggle. Where: Project View → any client's hub → the  button next to the view toggle.	see F13 in appendix
F14	Project Overview — cover page with call notes & to-dos Every project in Project View now opens on an Overview tab: a cover page showing the budget status, each shoot with dates and status, post-production at a glance (every edit with its pipeline status), and a... Where: Hub → Project View → any project (Overview is the first tab and the default).	see F14 in appendix
F15	Creative Docs on the Project Overview The Overview's right column has a Creative Docs tile for the project's creative brief and VPP. Where: Hub → Project View → project → Overview tab → Creative Docs tile (above To-Do).	see F15 in appendix
F16	Task polish — initials chips, notes, and due badges Project tasks got a round of polish. Where: Project Overview → To-Do column, and the hub's Day in Review → My Tasks.	see F16 in appendix
F17	Tag Unbridled crew on project to-dos Assign any Project View to-do to an Unbridled crew member. Where: Project View, Overview tab, the To-Do panel on the right — click the + chip on any task.	see F17 in appendix
PROFI — PROJECT FINANCE 16 FEATURES		
F18	Budget Tags — share visibility on a project Tag teammates onto any project budget so it's clear who's working it. Where: ProFi → open any project budget → the header row next to Status (labeled "Tagged").	see F18 in appendix
F19	Show My Projects filter on the Finance pipeline One click filters the Project Finance list down to only the budgets you own (Budget Owner) or are tagged on — no more scrolling everyone else's projects. Where: ProFi → Project Finance page → top right, next to + New Project.	see F19 in appendix
F20	Project Workspace — Finance, Pre-Production & Post in one view Opening a project from Project View lands in a single workspace where you flip between the full ProFi budget, the FreePro production page, and the AvocadoPost project page. Where: Hub → Project View → click any project tile.	see F20 in appendix
F21	Budget status paths (RFP → Live/Dead, Live → Reconcile/Closed) The budget status dropdown now guides the workflow instead of listing every status. Where: ProFi → any project budget → the Status pill in the header row.	see F21 in appendix
F22	Archive organized by Closed / Dead and by year The Archive folder separates finished work from dead RFPs, and closed budgets are filed by year so the archive stays browsable as it grows. Where: ProFi → Project Finance → the Archive folder chip.	see F22 in appendix
F23	Vendor Invoices on the VCC (with AI reading) Each project's VCC now has a Vendor Invoices library: upload the actual invoice files and they live with the project. Where: ProFi → project budget → VCC tab → the  Vendor Invoices button on the right of the toolbar.	see F23 in appendix
F24	Budget Overview (renamed, counts crew correctly) The client-facing summary on each budget is now called Budget Overview (it stays "Estimate Overview" on estimates). Where: ProFi → project budget → the Budget Overview button (top of the budget); in Estimate mode, the Estimate Overview button.	see F24 in appendix
F25	Client roster with duplicate detection The Client field on budgets is now a searchable dropdown backed by a company-wide client roster, so every project uses the exact same client spelling (which keeps Client Hubs from splitting). Where: ProFi → + New Project, or any budget →  Edit → the Client field.	see F25 in appendix
F26	Overview budget tile — status, totals, and client identity The Overview's budget tile is now a slim strip: Budget Status on the left, the running totals on the right — Budget (the live ProFi budget total) and Est Fee (the billable profit from the VCC: budget total m... Where: Hub → Project View → project → Overview tab.	see F26 in appendix
F27	Harbinger — designed report & full review before submit The Harbinger email is now a designed HTML report from info@unbridledmedia.com (recipients editable in Automations), and submitting one shows the entire Harbinger for a final read first — with the AI-drafted... Where: ProFi — Submit Harbinger on any RFP budget.	see F27 in appendix

F28	Budget client contact & Est. Final Delivery Each budget header now carries a Client Contact (name shows in ProFi; email and address ride along into the Harbinger) and an Est. Where: ProFi — the budget header row.	see F28 in appendix
F29	Unbridled Solutions toggle Solutions-specific fields now hide until you need them. Where: ProFi — budget header, left of Submit Harbinger.	see F29 in appendix

F32	Budget Versions — duplicate and keep editing Snapshot a budget before making big changes. Where: ProFi — the V# dropdown to the right of the Budget/VCC toggle on any project budget.	see F32 in appendix
F33	Finance dock — Harbinger, Budget & VCC at the bottom right Finance navigation moved into a liquid-glass dock pinned to the bottom right: Harbinger (submit before, view after — one button, both jobs), Budget, and VCC, with a sliding highlight and labels that tuck awa... Where: ProFi — any project budget, bottom right. In Project View → Project Finance, the ≡ pill sits bottom left.	see F33 in appendix

FREEPRO — PRODUCTION

16 FEATURES

F34	Printer-friendly PDFs (shot lists & call sheets) Exporting a shot list or call sheet now produces a clean, high-contrast report instead of a screen print: white pages, black text, no browser URL/title stamped at the top and bottom, interactive buttons remo... Where: Any shared view (shot list, call sheet) → the PDF button in the top bar, or your browser's Print.	see F34 in appendix
F35	Edit / override location addresses Location addresses on a FreePro project are no longer locked to what the map search fills in. Where: FreePro → any project → Overview tab → Locations → the 📍 on a location row.	see F35 in appendix
F36	Reference photos on the Shot List Every shot can now carry reference photos — framing references, location stills, storyboard frames. Where: FreePro → project → Logistics → Shot List. Upload from a shot's expanded detail (or its pop-out on mobile); browse the Reference Photos section at the bottom of the page.	see F36 in appendix
F37	Additional Docs — reference documents on every shoot A new Additional Docs tab under FreePro's Logistics dropdown stores reference documents for the shoot — lighting grids, show flows, floor plans, run-of-show decks. Where: FreePro → project → Logistics → Additional Docs. Crew/producers see them on their shared call sheet views.	see F37 in appendix
F38	Travel/Local flag on the crew roster Every crew member can be flagged Travel (default) or Local. Where: FreePro → project → Crew tab (form + grid), and the Roster Lookup in Team Management.	see F38 in appendix

F40	Agency role A new user role for agency partners. Where: User Management (set a user's role to AGENCY). Agency users open projects from the FreePro tile; each project shows the Logistics dropdown (Schedule, Travel, Shot List, Additional Docs), Gear, and Deliverable.	see F40 in appendix
F41	Travel / Local, clickable everywhere Mark any crew member or talent as Travel or Local and flip it with one click. Where: A project's Crew tab. The Travel/Local badge sits in the Travel column of both the crew positions table and the Talent list. The same switch is pinned to the top-right of the Add Position, crew Edit, Add Talent, and Edit Talent forms.	see F41 in appendix
F42	Travel tag on schedule events Schedule events can now carry a Travel tag. Where: A project's Schedule tab. Add an event or edit an existing one, then use the Tags row near the bottom of the form.	see F42 in appendix

F43	Review any call sheet before sending Preview the exact call sheet each recipient will get, right from the email screen. Where: A project, then Send Call Sheet Emails. A Review button sits on every recipient row across the Producers, Crew, Client, and Talent groups.	see F43 in appendix
F44	Arrival notes on locations Every location can carry Arrival Notes — parking, entrance, check-in, loading dock — and they show up wherever the location appears, including the crew, producer, and client call sheets. Where: A project's Overview tab, in the Locations section. Add a location or edit an existing one to find the Arrival Notes field.	see F44 in appendix
F45	Gear Management overview & per-shoot dashboards Gear Management is now a report of every production shoot, sorted by start date, with a calendar timeline up top. Where: FreePro → Gear Management (toggle at the top of the Production Management page).	see F45 in appendix

F48	Space maps on the Locations tab Floor plans and room maps now live right on the Locations tab — the separate Room/Space Info tab is gone. Where: FreePro → open a shoot → Logistics → Locations.	see F48 in appendix
F49	Contractor email — full SOW, autofilled, reviewed before sending Send Contract now opens a review of the complete contractor email — project code, position, travel locations, dates & day rate, quoted total, travel expense allowance and per diem (both pulled from the budge...
