F1	Budget Tags — share visibility on a project Tag teammates onto any project budget so it's clear who's working it. Where: ProFi → open any project budget → the header row next to Status (labeled "Tagged").	see F1 in appendix
F2	Show My Projects filter on the Finance pipeline One click filters the Project Finance list down to only the budgets you own (Budget Owner) or are tagged on — no more scrolling everyone else's projects. Where: ProFi → Project Finance page → top right, next to + New Project.	see F2 in appendix
F3	Hub: Project View / Operations View toggle The hub now has two modes. Where: The hub (home page) — the toggle sits centered under "Where to today?".	see F3 in appendix
F4	Project Workspace — Finance, Pre-Production & Post in one view Opening a project from Project View lands in a single workspace where you flip between the full ProFi budget, the FreePro production page, and the AvocadoPost project page. Where: Hub → Project View → click any project tile.	see F4 in appendix
F5	Budget status paths (RFP → Live/Dead, Live → Reconcile/Closed) The budget status dropdown now guides the workflow instead of listing every status. Where: ProFi → any project budget → the Status pill in the header row.	see F5 in appendix
F6	Archive organized by Closed / Dead and by year The Archive folder separates finished work from dead RFPs, and closed budgets are filed by year so the archive stays browsable as it grows. Where: ProFi → Project Finance → the Archive folder chip.	see F6 in appendix
F7	Hub dashboard — Day in Review & Team Today The lower half of the hub is now a live dashboard. Where: The hub (home page), below the tiles — visible in both Project View and Operations View.	see F7 in appendix

Where: ProFi → project budget → the Budget Overview button (top of the budget); in Estimate mode, the Estimate Overview button.	see F12 in appendix

Where: ProFi → + New Project, or any budget →  Edit → the Client field.	see F14 in appendix

F15	Client Hub password Each client hub now has its own password, set from a button right of the Team View / Client View toggle. Where: Project View → any client's hub → the  button next to the view toggle.	see F15 in appendix
